A place you love

Materials list

Paper Crayons or pencils

Make it together

Choose your place

Think of somewhere you love. What do you remember first?

Draw the details

Start with one thing, then add the people, colors and details you remember.

Tell its story

Show someone your drawing and tell them what happened there.

Pictures can hold memories as well as places.

Save the drawing and your child’s story in Little Binder, or give it to someone who knows the place.

Little Binder

Free for home, school and community. Please keep the Little Binder credit.
