Draw a recipe, make a snack

Materials list

- ½ cup plain yogurt
- ¼ cup strawberries
- 1 tbsp oats
- Bowl and spoon
- Paper and crayons

Make it together

Get the fruit ready

Wash your hands and the strawberries. A grown-up can help cut them into small pieces. Use ingredients your family can eat.

Make your snack

Spoon the yogurt into the bowl. Add the fruit and oats, stir, and taste.

Draw the recipe

Draw the ingredients and amounts, then show the steps in order. Can someone follow your pictures?

A recipe explains what we need and what to do in order.

Save your family recipe in Little Binder, or give someone a copy to try.
