Design your own postcard

Materials list

 Letter or A4 card  Crayons or pencils  Scissors  A stamp

Make it together

Make your postcard

Print at 100% and cut along the dotted edge. Or cut a card about 6 × 4 in (15 × 10 cm). Draw on the plain side.

Write and address it

Put your message on the left, the name and mailing address on the right, and a stamp in the top corner.

Post your card

Drop it in a mailbox or visit the post office together.

The address tells the postal service where to take your card. The stamp pays for its journey.

Save it in Little Binder, or share it the old-fashioned way with a stamp!

Free for home, school and community. Please keep the Little Binder credit.
